

G6 - Code

HCI/PSYCH 522
Iowa State University

April 28, 2022

Code

Turn in:

- Description
- Data
- Code

Description

This document should contain what you are trying to do. Specifically include

- Research question
- Model
 - Dependent variable
 - Independent variable(s)

Data

Provide your data in csv format.

- In Excel, Save as ... csv

Only include necessary columns and rows.

Code

<https://stackoverflow.com/help/minimal-reproducible-example>

Include **minimal working example**:

- Minimal – Use as little code as possible that still produces the same problem
- Complete – Provide all parts someone else needs to reproduce your problem in the question itself
- Reproducible – Test the code you're about to provide to make sure it reproduces the problem

Also include **comments!!!!**

Issues

If you are not using R,

- Provide code.
- Provide file.
